Russian customs point on RUS-GEO border Verkhny Lars was opened for cyclists on Mar 2014.
The pedestrian pass is prohibited up to date.

You can read traveller's story about crossing it on Aug, 2014 (in Russian).

Verkhny Lars(RUS)-Dariali(GEO, ex-Kazbegi) is only one border crossing point on
Russian-Georgian Border. It has been opened for all passport holders since 2011. 1999-2011 it
had been closed for non-CIS nationalities.
